

HAWKS PHOTOGRAPHY POLICY CONSENT FORM

By agreeing to participate in HAWKS Swimming Association (HAWKS) activities and events (including scheduled, supervised team activities, events, training sessions and swim meets) I understand that HAWKS Swimming Association's team photographers, coaches, parents, team administrators or swimmers may take photographs.

I acknowledge that by signing this agreement I give consent to have photos taken of my child(ren), myself and other family members. I give HAWKS Swimming Association permission to use photographs of my child(ren), myself and other family members in HAWKS Swimming Association's promotional materials including: brochures, yearbooks, team website and social media.

All photographs taken and used by HAWKS will observe generally accepted standards of decency. Photographs used by HAWKS will be chosen because they promote the spirit of the HAWKS organization and the sport of swimming. Action shots will be a celebration of swimming. Care will be taken that any photos used for publicity are not too revealing. Photos will NOT be taken from behind the blocks.

Photography is NEVER allowed in locker-rooms, changing rooms or bathrooms.

Parents/Legal Guardians have the right to refuse to consent to their child being photographed and/or to refuse to have photos published in specific contexts. Please contact president@hawksswimming.org with any questions or concerns or to withhold consent.
